Paid Summer Internship (40 hours per week)

Job Title: Stream Ecosystem Ecology Assistant

Compensation: \$8.50 per hour plus room and board (valued at \$2500)

Dates: June 24- August 16, 2019

Internship Description:

This intern will be working with FLBS personnel to:

- estimate carbon cycling in various streams through diel sampling of carbon isotopes and subsequent chemical and statistical modeling

The internship will provide opportunities to:

- contribute to our understanding of carbon dynamics in different stream ecosystem types,
- gain field, lab, and computational time series modeling skills.

Qualifications:

- Working toward BS degree in chemistry, biology, or related field.
- Course work in introductory chemistry and mathematics
- Must be a continuing undergraduate student

How to Apply (application deadline: March 1, 2019):

UM students: use Handshake; search for Flathead Lake Biological Station

Non-UM students send a cover letter, resume including contact information for a reference to Monica Elser at monica.elser@flbs.umt.edu
